NOOSE FOR ALEXANDER.

Jury at Greenville Makes Short Work of His Case.

SWINGS SEPTEMBER 21.

Returned to the Jail Here For Safe Keeping, By Co. D.

The trial of Harrison Alexander, colored, charged with criminal assault on Mrs. Florence Whitehouse, was completed at Greenville Monday night at a special term of circuit court. The trial was begun Saturday and was attended by large crowds both days. The case reached the jury at 4:30 in the afternoon, who, in twenty minutes, returned a verdict of guilty and on the first ballot fixed the punishment at death. Judge W. P. Sandridge pronounced sentence and named Sept. 21 as the day of execution.

Alexander was brought back to the jail here by Co. D. at 6 a. m. Tuesday. He is apparently indifferent as to his fate, saying he had as soon be hanged now as a month hence.

He is a boy about 17 years old and after conviction made a confession implicating another negro in the crime. His victim is a crazy woman who testified in court against him.

WENT FOR HIM WITH A GUN.

The Lawhern-Sapp Sensation Started Again at Hawesville.

LAWHERN SUSPECTED

Persists in Communicating With Mrs. Sapp and Is Ordered to Vacate.

Hawesville, Ky., Aug. 20.—There has been more trouble over the Lawhern-Sapp sensation. On Saturday Rev. Mr. Lawhern, the pastor of the M. E. church who is now away from here under suspension because of the charge against him of undue intimacy with the wife of Mr. Joe Sapp, came to town and in the evening he passed down the street near the Sapp residence. Mr. and Mrs. Sapp are now living together, and apparently, contentedly. In a short time after the suspended minister passed, Sapp got his pistol and drew it on the preacher and warned him to keep away from that part of town. It is said here that Lawhern attempted to communicate with Mrs. Sapp, but just how it is not generally known.

Mr. Sapp would not talk about the matter and Rev. Mr. Lawhern left on the next train for Owensboro.

Union Services.

Union services will be held at the Baptist church next Sunday night. Dr. J. E. Fogartie will preach. There is some talk of continuing the union services through the month of September as it is probably the most unfavorable month of the summer. The question will be settled by Sunday night.

Ernest Moss Safe.

Ernest Moss, a son of Mr. T. L. Moss, of this county, has been living in Valparaiso, Chile, for two years. He has called his brother at Bowling Green since the earthquake that he is safe.

SHOCKS HAVE NOT CEASED.

Losses in Chile Estimated at \$50,000,000.

100 LOOTERS ARE SHOT.

Probably 2,000 Lives Lost in Valparaiso Alone.

Lima, Peru, Aug. 21.—There was another heavy earthquake shock at Valparaiso last night.

According to the latest reports received here from the scene of the earthquake, the town Quillota, situated about twenty-six miles from Valparaiso and having a population of some 10,000 souls, has been completely destroyed.

At Lima this morning there was a slight shock, and Huacho was shaken by an earthquake yesterday.

Valparaiso, Aug. 22.—The greatest damage occurred in the provinces of Valparaiso and Aconcagua. The town of Abasco suffered severely. Llai Llai is reported to have entirely disappeared, and Limache and Hierro Viejo have been almost totally wrecked. At Vina del Mar, three-quarters of the houses are in ruins. The losses in the entire country are estimated at \$50,000,000.

Slight earthquake shocks are continuing. The people have not yet returned to their homes, but are sleeping on the surrounding hills and in the streets and squares. The fires have all been extinguished. More than 100 men taken in the act of committing robberies have been shot.

Fully 2,000 persons lost their lives as a result of the earthquake shocks and fires at Valparaiso, 170 at Limache, forty at Quillota, thirty-five at Conchilli, eleven at Petaro, ninety at La Placilla and six at La Calera.

NOT RUN FOR GOVERNOR

Result of Careful Consideration After Much Deliberation.

Marion, Ky., Aug. 22.—The Hon. Ollie M. James to-day authorized the statement that he would not enter the race for Governor of Kentucky.

Mr. James has been strongly solicited to make the race for the Democratic nomination and has had the matter under consideration for several months.

While he received much encouragement on every hand he has decided not to become a candidate and to-day for the first time gave out a statement to that effect.

Back Home.

Dr. F. P. Thomas, who had been occupying rooms in the Garnett building during the remodeling of the Bank of Hopkinsville, has gone back to his old, but much improved, quarters over the bank. The entrance to the Doctor's offices has been changed from Main to Seventh street.

Victim of Fall.

Mrs. Harvey S. McCutcheon, of Russellville, died from childbirth preceded by a fall. She was a bride of less than a year. Before her marriage she was Miss Susan McHenry, of Frankfort.

New York Life.

Hopkinsville, Ky., April 30th, 1906.
Mr. Walter F. Garnett, Agent,
New York Life Insurance Co.,
City.

Dear Sir:—It gives me pleasure to acknowledge receipt of statement of optional settlement on 20-Payment Life Policy, No. 223,593, for \$1,500.00, issued at age 35, with premium of \$52.50, taken out with you Apr. 29, '86. After having been insured for 20 years, I am offered a paid up policy for \$1,500 and a cash dividend of \$496.88, or the total value may be withdrawn in cash—\$1,215.85, (which is more than I have paid in the 20 years) or a fully paid up policy payable at my death for \$2,219.00.

The cash settlement of \$1,215.85 is equal to Term Insurance at \$12.87 per \$1,000 and an investment of the balance of premiums with 54 per cent. compound interest for twenty years. This showing is certainly a creditable one for the New York Life, and I will be pleased to give you my application for \$1,000 on the Ordinary Life plan.

Yours very truly, C. E. WEST.

JOHN HEIRY

ON COURTING.

By HUGH McHUGH
(GEORGE V. HOBART)

"In the Days of Old."

Are you wise to the fact that everything is changing in this world of ours, and that since the advent of fashions even the old-fashioned idea of courtship has been chased to the woods?

It used to be that on a Saturday evening the young gent would draw down his six dollars' worth of salary and chase himself to the barber shop, where the Dago law trimmer would put a crimp in his mustache and plaster his forehead with three cents' worth of hair and a dollar's worth of axle-grease.

Then the young gent would go out and spend 40 cents among the tradesmen for a mess of water-lilies and a bag of peanut brittle.

"The lilies of the valley were to put on the dining-room table so mother would be pleased, and with the peanut brittle he intended to fill in the weary moments when he and his little gettish girl were not making goo-goo eyes at each other.

But nowadays it is different, and Dan Cupid spends most of his time on the hot spot between the corner's office and the divorce court.

I've got a hunch that young people these days are more emotional and like to see their pictures in the newspapers.

Nowadays when a clever young man goes to visit his sweetheart he hikes over the streets in a benzine buggy, when he pulls the bell-rope at the front door he has a rapid-fire revolver in one pocket and a bottle of carbolic acid in the other.

His intentions are honorable and he wishes to prove them by so shooting his lady love if she reneges when he makes a play for her hand.

I think the old style was the best, because when young people quarreled they didn't need an ambulance and a hospital surgeon to help them make up.

In the old days Oscar Dobson would draw the stove brush cheerfully across his dogskin shoes and rush with eager feet to see Lena Jones, the girl he wished to make the wife of his bosom.

"Darling!" Oscar would say, "I am sure to the bad for love of you. Pipe the downcast drop in this eye of mine and notice the way my heart is bubbling over like a bottle of sarsaparilla on a hot day!" "Be mine, Lena! be mine!"

Then Lena would giggle. Not once, but seven giggles, something like those used in a spasm.

Then she would reply: "No, Oscar; it cannot be. Fate wills it otherwise."

Then Oscar would bite his finger nails, pick his hat up out of the coal-scuttle and say to Lena: "False one! You love Conrad, the florist in the butcher shop. Curses on Conrad, and see what you have missed, Lena. I have tickets for a swell chowder party next Tuesday. Ah! farewell forever!"

Then Oscar would walk out and hunt up one of those places that Carrie Nation missed in the shuffle and there, with one arm glued tight around the bar rail, he would fasten his system to a jag which would last for a week.

Despair would grab him and he'd be Oscar with the souse thing for sure.

When he would recover strength enough to walk down town without at-

up, and the wedding bells would ring just as soon as Oscar's salary grew large enough to tease a pocketbook.

But these days the idea is altogether different. Children are hardly out of the cradle before they are arrested for butting into the speed limit with a smoke wagon.

Even when they go courting they have to play to the gallery. Nowadays Gonsalvo H. Puffenloz

"She Thinks She Is a Gibson Girl," walks into the parlor to see Miss Imogene Cordelia Hoffbre.

"Wie gehts, Imogene?" says Gonsalvo.

"Stimlich!" says Imogene, standing at right angles near the piano because she is a Gibson girl.

"Imogene, dearest," Gonsalvo continues, "I called on your papa in Wall street yesterday to find out how much money you have, but he refused to name the sum, therefore you have untold wealth!"

Gonsalvo pauses to let the Parolan clock on the mantel tick, tick, tick! He is making the bluff of his life you see, and he has to do even that on tick.

Besides, this furnishes the local color.

Then Gonsalvo bursts forth again: "Imogene! Oh! Imogene! will you be mine and I will be true without money and without the price."

Gonsalvo pauses to let this idea get noised about a little.

Then he goes on: "Be mine, Imogene! I will be minus the money while I will have the price!"

Gonsalvo trembles with the passion which is consuming his pocketbook, and then Imogene turns indignantly from a right angle triangle into more of a straight front, and hands Gonsalvo a bitter look of scorn.

Then Gonsalvo grabs his revolver and, aiming it at her marble brow, exclaims: "Marry me this minute or I will shoot you in the topknot, because I love you."

Then Gonsalvo rushes into the room and Gonsalvo politely requests the old gentleman to hold two or three bullets for him for a few moments.

Gonsalvo then dashes deeply into a bottle of carbolic acid, and just as the corner climes into the house the pictures of the modern lover and lovers appear in the newspapers, and fashionable society receives a jolt.

This is the new and up-to-date way of making love.

However, I think the old style of courting is the best, because you can generally stop a jag before it gets to the undertaker.

What do you think?

Owl and Mink Fight.

While hauling wood on the Mattawakee river, a driver discovered a moving object a short distance from the road, and leaving his team he hastened to ascertain what it was when, to his surprise, he found it to be a large owl in combat with a good-sized mink. After a struggle of several moments the owl attempted to rise with its prey, but was able to succeed only a few feet when the mink fell to the ground, where it was soon killed by several well directed blows from the driver's whip—Leviathan (Me.) Journal.

Worst Liver Trouble of All.

"I have suffered from a disordered liver for a good many years now," complained the sad little wife.

"Why don't you take something for it?" queried the sympathetic friend, quickly.

"Oh, it isn't my liver," replied the little wife. "It's my husband!"

especially in the treatment of a very large class of cases that were being maltreated by many physicians through ignorance of their real nature.

This necessitated going TO THE SOURCE OF TROUBLE IN TWO SPECIAL SENSES.—(1) CAREFUL, EXHAUSTIVE STUDY TO KNOW what was the real cause of the innumerable aches, pains, drains and weaknesses which afflicted women, and AGAIN, TO THE SOURCE WHICH NATURE HAD PROVIDED so plentifully for the REALIZATION OF MANKIND.

Thoroughly correct and scientific stimulants and medicines prepared with alcohol did far more harm than good. Dr. Pierce prepared his remedies, extracted their virtues and preserved them without alcohol, thus, enabled by actual experience, formed combinations by which a minimum of medicine produced the maximum of benefit.

It Stands Alone as the only medicine of which the makers of every other medicine fully into their confidence and tell them exactly what they are taking. MEXICAN PEARLS IN DEMAND

Gems from the Gulf of California Are Eagerly Sought For in World's Markets.

Jewelers are learning to realize the value of the Mexican pearl and the season's work in pearl fishing is proving very remunerative. Adrian Cornejo, a prominent pearl fisher of lower California, says that the pearl fishers all along the coast of the gulf are doing an excellent business this year. In this part of Mexico there is more variety in the color of the pearls found than in any other part of the world. The colors include black, gray, red, bluish-green and yellow. Mexican pearls are rapidly gaining a good reputation in the markets of the world. In Paris, which is the center of the pearl trade, there are no pearls more in favor than those from Mexico.

There is now about as much prospecting for pearls in the Gulf of California as there is hunting for mines throughout the interior of Mexico, and the entire gulf coast is closely inspected by pearl fishers or prospectors. The best pearls are to be found in the bottom of the pearl beds. For this reason old beds that were some time ago supposed to have been worked out have lately been raked over, sometimes with excellent results. One of the finest gray pearls ever found was discovered in one of these deserted beds. Among the most valuable pearls to be found in the Gulf of California are those of a reddish color, but these are discovered only occasionally. They have an exquisite luster, and many of them are large and of the most perfect shape.

Australia has taken steps to protect her pearl fisheries for British seekers. The report on British New Guinea, just published by the commonwealth of Australia, contains an amendment to the law relating to pearl shell and "leche de mer" fisheries, under which no ship or boat is to be licensed to fish for pearls of heche de mer unless owned by natural born British subjects, naturalized subjects, denizens of British New Guinea or of Australia, and bodies corporate established under the laws of some parts of the British dominions. This is said to be an act of retaliation in view of the German regulations regarding Samoa.

When Is a Man Dead?

Floresco claims to have brought back life to dogs whose hearts have stopped from 25 to 40 minutes. He applies electrodes directly to the heart, either on the outside or by needles to the inside of the ventricles. Daulton has started heart beats in a rabbit 24 hours after death and in the auricles three days after death. This he accomplished by perfusion of the heart by Locke's solution. Inhibition of this heart action can be brought about by applying electrodes at the root of the aorta. Locke and Rosenheim perfused a heart that had been hanging in the laboratory for five days since its removal from the rabbit's body, and caused it to give beats of considerable magnitude. Howell, of Johns Hopkins, concludes from his experiments that inhibition of the heart depends on the presence of diffusible potassium compounds in the heart tissue, and that vagus impulses act indirectly by increasing the amount of potassium compounds of this character.

From the physiological standpoint, therefore, it looks as if the day may come when death will be checked of its prey, and the heart forced to take up again the work that it has laid down.—North American Journal of Homoeopathy.

Concerning Tastes.

"There's no accounting for tastes. Now, iron is good for some folk's blood," remarked the woman, as the angler stuck the hook in him, "but I know it will be the death of you!" And yet the fish that got the iron a little later was simply carried away with it.

A Separation.

Bill—Do you believe in separating the chaff from the wheat?
Jill—Sure thing! That's why I'm trying to separate Chollie from his money.

Mr. Bryan has sailed for New
York and will arrive next Wednes-
day.

Judge Bugb is needed this week
at Fremont, N. C., Tampa, Fla.,
and Atlanta, Ga.

The troublesome negro troops at
Brownsville, Tex., have been ordered
to Oklahoma.

The Paducah council has repealed
the ordinance permitting "bucket
shops" to do business in the city.

Gen. Joe Wheeler's daughter, Miss
Carrie, will be married Oct. 2 to
Gordon M. Buck, of New York.

The bitterest gubernatorial cam-
paign in the history of Georgia came
to a close in the Democratic pri-
maries held yesterday.

Rudolph F. Vogt has been appoint-
ed member of the board of public
works, Louisville, to succeed Spald-
ing Coleman, deceased.

Jos. L. Rhinock's opponents for the
congressional nomination in the
Sixth district withdrew and the com-
mittee declared him the nominee
Tuesday.

Sunday bathers were hit hard last
Sunday, twelve of them being
drowned in and about New York
while bathing in the surf.

County Judge Hazelrigg, of Mont-
gomery county, in a test case at Mt.
Sterling, holds the county unit law
to be unconstitutional. It will be
taken to the court of appeals.

Martin V. Monarch, one of the
best known men in Davies county,
and at one time one of the largest
distillers of Sour Mash whiskey, died
suddenly Monday morning from an
attack of paralysis.

It is to be hoped there is no truth
in the report that Mun Wilson will
run as an independent candidate for
Congress. If he should do so unwise
and foolish a thing, it would greatly
injure any candidate having his sup-
port. He cannot injure Stanley,
for the reason that Stanley is the
strongest man in this section of the
State, by reason of his fight for the
tobacco growers.

About the time the services pre-
ceding the burial of the body of
Spalding Coleman, a leading citizen
who fell dead a few days since, were
to begin at the church in Louisville,
Bishop McClosky refused to allow
the dead man to be buried from the
Catholic church, assigning as a rea-
son for his action that Coleman had
married a Protestant and had raised
his daughter in the Protestant faith.

The readers of this paper will be
pleased to learn that there is at least
one dreaded disease that science has
been able to cure in all its stages,
and that is Catarrh. Hall's Catarrh
Cure is the only positive cure now
known to the medical fraternity,
Catarrh being a constitutional dis-
ease, requires a constitutional treat-
ment. Hall's Catarrh Cure is taken
internally, acting directly upon the
blood and mucous surfaces of the
system, thereby destroying the
foundation of the disease, and giving
the patient strength by building up
the constitution and assisting nature
in doing its work. The proprietors
have so much faith in its curative
powers that they offer One Hundred
Dollars for any case that it fails to
cure. Send for list of testimonials

SOLDIERS ONLY TOUCHED BASES

After Returning from Green-
ville, Went Into Camp
at Henderson.

Company D, Kentucky State
Guard, Third Regiment, left here
Tuesday night, about fifty strong,
in command of Capt. E. W. Clark,
and are now in camp at Henderson.
They will be there about twelve
days.

The company returned from
Greenville Tuesday morning, where
it had been ordered with Company
G of Earlinton, to guard the negro
fiend, Harrison Alexander, during
his trial Monday.

The soldiers who had brought the
condemned negro here, just had
time enough to change their linen,
get ready for the encampment and
kiss their sweethearts good bye be-
fore the hour for assembling at the
armory. They all left in high good
humor and anticipate a great "out-
ing" but some of the new members
of the company will find that camp
life is not quite so agreeable as they
have imagined.

GEOLOGICAL SURVEY.

Rape Fiends Running Ram- pant in Southern States.

Miss Ethel Lawrence, of London
Eng., was attacked by a negro while
picking flowers near Atlanta, in
company with her 14-year-old niece,
who escaped and gave an alarm af-
ter being beaten by the negro. She
brought aid to her aunt. A posse
is after the negro.

A negro named Will Lawrence is
in jail at Tampa, Fla., charged with
attempting to assault a 13-year-old
girl.

The dead body of a 16-year-old
daughter of Geo. Weddall, of Free
mont, N. C., was found concealed
in a marl pit. She had been as-
saulted and strangled. She left
home Sunday to visit a neighbor
half a mile away.

LEFT HAND GONE.

Fortunate to Have Gotten Off
So Easily Was Brakeman.

Tuesday morning Tom Baker, col.,
who is a brakeman on the I. C. rail-
road came near rolling into eternity,
but fortunately rolled only far
enough to lose his left hand instead
of his life. After having placed a
flag at a switch in the yards here he
was running at a pretty lively gait
to jump on his moving train, when,
before he knew anything about it,
he ran against a man standing along
the track. The collision caused Baker
to fall alongside the moving
train, his left hand striking the track
and a car wheel mangled it so badly
that it had to be amputated.

Died After Operation.

Drs. Brandon, of Clarksville, and
Haynes, of Howell, operated upon
Mrs. Boyd Organ, of Garrettsburg,
for pelvic abscess, Tuesday. The
operation was performed as a last
resort for saving Mrs. Organ's life,
but she died late Tuesday afternoon.
Mrs. Organ was in her 39th year and
is survived by her husband and sev-
eral small children. Mrs. Organ
lived in this city for some time sev-
eral years ago, where Mr. Organ
was engaged at the carpenter's
trade. Mrs. Organ was a daughter
of Mr. Sam Lloyd, of Garrettsburg.

Mrs. O. D. Robinson, 48 St. Felix St.,
Brooklyn, N. Y., writes:

"I have taken Peru-na and it did me
more good than all my two years' treatment by special physicians. I can really say that I feel like another person. No more swollen feet and limbs. No more blotting of the skin. No more shortness of breath. No more stiff and sore joints. You have no idea what your treatment has done for me. It has prolonged my life and made a new woman of me."

"O, such a blessing I have received through your kindness, Doctor, and the assistance of the medicine which you so kindly prescribed. I am able to work since I began your treatment, but before I was not able to do anything. Much less do any work. All praise is due to Dr. Hartman and his treatment."

Notice.

The Old Reliable Jewelry House

of Hopkinsville is, after all, the best place to get anything in the jewelry line. There's a record behind us, a record of over thirty years; a clean record of satisfied customers, a record of honest dealing, for honest quality, honest prices. It's a record any Jeweler might feel proud of. And when we sell an article we have in mind that we have a record to maintain, and no slipshod methods, no careless workmanship, no lack of quality, is ever allowed to mar the record of the past. But to improve, if possible, this record, is ever our aim, and goods are sold for as low a price as it is possible to sell reliable goods.

It will pay you in the end to deal with the Old Reliable Jeweler.

INSTITUTE'S THIRD DAY.

Dr. Willis is Conducting in His Usual Admirable Manner.

WILL LECTURE TONIGHT

Everybody is Cordially Invited to Attend All the Meetings.

Today will be the third of the Teachers' Institute being held at the courthouse. All the meetings have been well attended by the teachers of the county and city. There has also been a fair attendance on the part of others. The admirable manner in which Dr. J. C. Willis has conducted the meetings and the talks by Profs. Hamlett, of this city, and Dudley, of the Pembroke Public schools, have well repaid all who have put in a part of their time in attendance on the meetings. Everybody is most cordially invited to attend all meetings.

Tonight Dr. Willis will deliver his great lecture, "The Making of a Man." This lecture ought to, and will, pack the Circuit Court room to its uttermost capacity. There have been many paid lectures delivered here which do not begin to compare with "The Making of a Man," and all who fail to hear it will miss a great intellectual treat.

The ministers of the city have opened the exercises of each day by reading the scriptures and prayer. Rev. H. D. Smith was present yesterday morning.

Many of the older teachers in the county, among whom are Mrs. Jenkins, Misses Means, West and Shanklin, Mrs. Robinson and Messrs. Thomas and Ladd, have been faithful in their attendance and by their talks and suggestions have contrib-

uted largely to the success of the institute.

Mr. W. E. Gray, the County Superintendent, has certainly done his part. Nothing within the range of possibility seems to have been overlooked by him.

One of the most pleasant features of the meetings was the receipt of the following telegram Tuesday:—
Guild Hall, Vermont, August 20.—Greetings to Institute. Best wishes for a pleasant and profitable meeting. KATIE MCDANIEL.

The telegram was read to the institute and a reply wired to Miss McDaniel thanking her for her kind remembrance of old friends and expressing the wish for her continued health and happiness.

Miss McDaniel, who served eleven years as county superintendent, has been spending the summer with a friend in Vermont. She has accepted a position in South Kentucky College and will return to Hopkinsville in a few days.

The sessions of the Institute will conclude tomorrow afternoon at 3 o'clock. Below we give the program for today and tomorrow:

Death For Two.

John Rapes, a negro, who attempted to murder a white man, was lynched at Mulberry, Fla.

Bob Ehrhidge, a negro, who attempted to assault a white child near Columbia, S. C., was captured and shot to death by the child's father.

WINE IN SPOONS.

Iowa Pastor Yields to Agitation Against Old Custom.

Every communicant of the Mason City, Iowa, First Methodist Episcopal church who desires to share in communion services next Sunday is requested by Dr. W. W. Charlton, the pastor, to bring a spoon.

Instead of sipping from the cup and passing it from lip to lip, as heretofore, partakers in the service will dip their spoons into the wine and drink each his own portion.

The pastor's innovation is a result of an agitation in Iowa churches against the common use of the communion cup, it being held that the old custom is a means of spreading diseases.

The Movement for Anti-Fraud Laws.

There is to-day, all over our country, a decided movement toward the enactment of laws that will protect consumers against substitution and adulteration.

Many states now have very stringent pure food laws, and a national pure food law is to go into effect all over the United States on January 1, 1907.

New York State has also a law prohibiting the stamping of cotton as linen, and a law compelling all silver sold as sterling to be 925-1000 fine.

Other states have other laws along the same lines.

North Dakota has taken the lead in enacting a law for the protection of property owners against a very common and serious kind of fraud—the selling of adulterated paints containing ingredients worthless or worse than worthless.

The law passed by the North Dakota legislature compels all makers of adulterated paints to label their kegs with the exact ingredients of their paints.

Pure-white-lead-and-linseed-oil is accepted as the standard paint by the law-makers, just as it is by paint authorities everywhere.

Barboursville militia men are said to be insubordinate.

Unnecessary Expense.

Acute attacks of colic, diarrhoea and dysentery come on without warning and prompt relief must be obtained. There is no necessity of incurring the expense of a physician's service in such cases if Chamberlain's Colic, Cholera and Diarrhoea Remedy is at hand. A dose of this remedy will relieve the patient before a doctor could arrive. It has never been known to fail, even in the most severe and dangerous cases and no family should be without it. Summer Diarrhoea in Children.

During the hot weather of the summer months the hot unnatural looseness of a child's bowels should have immediate attention, so as to check the disease before it becomes serious. All that is necessary is a few doses of Chamberlain's Colic, Cholera and Diarrhoea Remedy followed by a dose of castor oil to cleanse the system. Rev. M. O. Church, Little Falls, Minn., writes: "We have used Chamberlain's Colic, Cholera and Diarrhoea Remedy for several years and find it a very valuable remedy, especially for summer disorders in children." \$25,000 HUNG UP FOR STATE FAIR

Largest Prize List Ever Offered to Exhibitors.

Money Given By Several Breeding Associations—Low Railroad Rates and Good Races Every Day—Standard Breeds of Horses, Cattle, Sheep and Swine Provided For In Catalogue, Which May Be Had From Secretary J. B. Bowles.

The prize list for the Kentucky State Fair, which will be held at Louisville during the week of September 17-22, has been announced by Secretary J. B. Bowles. In premiums and purses something over \$25,000 will be distributed during the week and the Kentucky farmers and stock raisers who enter their products will have something substantial to show for their victories as well as the glory of winning ribbons at Kentucky's Fair.

The Fair will be held under the management of the Board of Control appointed by the State Board of Agriculture, Immigration and Forestry. The Board of Control is composed of five members of this commission, together with four other men appointed by the commission. Great care was taken by this board in arranging the prize list in order to properly distribute among the various classifications the \$25,000 appropriated by the state for the purpose and the \$10,000 which has been added.

The largest amounts have of course been set aside for horses and cattle, and \$5,500 in prize money will be given to the exhibitors of the harness and saddle horses. The owners of beef and dairy cattle will carry away with them \$5,000 at the close of the Fair. For sheep \$1,500 has been hung up and the amount of \$2,500 has been hung up. A large number of silver cups has been offered by public spirited men for special classes. The

SHORT HORSED JERSEY.

National Herford Association has given \$200 to be added to the prize money in the class for Herfords. The American Oxford Down Record Association has offered \$45 in special prizes for the best Oxford Down sheep. The American Saddle Horse Breeders' Association has offered a cup costing \$100 for the finest horse registered with that association under two years of age. The American Short Horn Breeders' Association has added \$85.

Three types will be judged in both the saddle and harness horse divisions. For the saddlers there will be rings for the fashionable walk, trot, canter type; the popular five-gaited horses and the strictly southern saddle horse technically known as the plantation saddle, and popularly called round walkers. The latter class are judged solely upon the two gaits, the running walk and the canter. The five-gaited horses will, of course, be judged upon the five distinct gaits, the walk, trot, canter, rack, and either running walk, slow pace or fox trot.

In the harness horse rings there will be four races on a single day, each day, one for harness horses decided by heats, best three in five, and three running races. There will be one free-for-all pace and one 2½ mile during the week. The purses for the trotting and pacing races are \$500 each, and the purses for the running races are \$250 each.

The State Fair will be made attractive to visitors from every standpoint. There will be concerts both during the day and evening, and bands of national reputation. The Carnival Company will supply fifteen interesting and amusing shows, and there will be dozens of other attractions on the grounds.

The official catalogue can be had on application to J. B. Bowles, Secretary, Fourth and Main Sts., Louisville, Ky.

Southwest

The Land of BIG CROPS and PROSPERITY.

Are you making as much off your farm as you ought? No doubt you are making all you can. The trouble is the land costs too much. It takes too much money to buy a big farm, and so you are trying to make a living on a small farm, or perhaps you are renting one and paying a good share of what you raise, in rent. Wouldn't it be better to go where the price of good land is so little that you can own a big farm—where every acre of the ground is working for you and all you raise is paying you good profits?

There are thousands of acres of fertile land in the Southwest along the line of the Cotton Belt Road that can be bought for from \$3 to \$10 an acre. This land is increasing in value each year.

See the Southwest at Small Cost.

A trip to the Southwest would convince you that your best interests lay in settling there. The trip can be made at very little expense. On the first and third Tuesdays of each month you can purchase a round trip ticket to any point in the Southwest on or via the Cotton Belt Route at very low rates. Stop-overs will be allowed for you to examine any locality you are interested in. Write at once for free copies of books describing this wonderful country and for full information about cost of tickets, etc.

The State College of Kentucky, LEXINGTON, KY.

The Agricultural and Mechanical (State College) of Kentucky offers the following courses of study, viz: Agricultural, Horticultural, Chemical, Biological, Mathematical, Physical, Normal School, Classical, Mechanical Engineering, Electrical Engineering, Civil Engineering, and Mining Engineering, each of which extends over four years and leads to a degree. Post graduate studies are also provided, leading to a master's degree. Each course of study is organized under a separate faculty. The general faculty number nearly fifty professors and instructors.

County appointees receive free tuition, room rent in the dormitories, fuel and light, and if they remain ten months, traveling expenses. The laboratories and museums are large, well equipped, comprehensive and modern.

Graduates from the several courses of study readily find excellent positions and liberal remuneration. The demand is largely in excess of the ability of the College to supply. The matriculation for the last year was, including Summer school, 815.

Specialists with the necessary number of assistants have charge of each department of natural science. Summer schools are provided for pedagogy, engineering, instruction in science and in art.

The State College of Kentucky, though bearing hitherto the title of "college," is the only institution in the Commonwealth doing, in any proper sense, university work.

The completion of the College home for young women provides facilities for good board and lodging. It is equipped with all modern conveniences, including bath rooms and room for physical culture. It is heated by steam and lighted by electricity.

An opportunity is thus afforded to young women of obtaining a thorough education in classics, modern language, literature, science, mathematics, logic, metaphysics, history, and political economy.

No other institution in the State offers advantages for education of women at all comparable to those offered by the State College of Kentucky.

The Normal Department will be on a better footing than ever heretofore. Last year's largely increased attendance, with the unprecedented growth of the Summer Normal School, both indicate that an era of prosperity surpassing that of all previous years has opened for the Normal Department of the State College.

HAPPY WOMEN.

Plenty of Them in Hopkinsville, and Good Reason For it.

Wouldn't any woman be happy. After years of backache suffering, Days of misery, nights of unrest, The distress of urinary troubles, She finds relief and cure?

No reason why any Hopkinsville reader.

Should suffer in the face of evidence like this:

Mrs. John Coombs, of 1236 Virginia street, says: "For a great many years I suffered with a persistent aching across my loins and through my kidneys. At times my back was so bad that I could hardly turn in bed and I could hardly lay on my back at all without placing my hand under it, which seemed in a measure to relieve the pain. A friend of Mr. Coombs told him about Doan's Kidney Pills and then he got a box for me at L. A. Johnson & Co's drug store. On using them I steadily improved until the dreadful aching was relieved and I could attend to my household duties without any inconvenience. They did more for me than any medicine I ever used and I gladly recommend them."

For sale by all dealers. Price 50c. Foster-Milburn Co., Buffalo, N. Y., the agents for the United States. Remember the name—Doan's—and take no other.

My wife improved with first bottle and twelve bottles completed the cure." Cures the worst coughs and colds or money refunded. At R. C. Hardwick's, druggist. 50c and \$1.00. Trial bottle free.

There is a lesson in the work of the thrifty farmer. He knows that the bright sunshine may last but a day and he prepares for the showers which are so liable to follow. So it should be with every household. Dysentery, diarrhoea and cholera morbus may attack some member of the home without warning. Chamberlain's Colic, Cholera and Diarrhoea Remedy, which is the best known medicine for these diseases, should always be kept at hand, as immediate treatment is necessary, and delay may prove fatal. For sale by L. L. Elgin and Anderson & Fowler, the up-to-date druggists at Hopkinsville.

Democrats and Populists have "fused" in Nebraska. A. C. Shalenger is the candidate for Governor.

In Great Demand.

The demand for Chamberlain's Colic, Cholera and Diarrhoea Remedy here has been so great that I have scarcely been able to keep it in stock. TOO MUCH EVEN FOR GOAT

Animal's by No Means Delicate Stomach Unable to Digest Bucket Full of Lye

Billy Butts, pet of the battleship West Virginia, the menagerie ship of the north Atlantic squadron, went on the sick list the other day, says the New York Herald. He is ordered on a diet of predigested breakfast foods, and for a goat that has never balked on anything from a paper of pins to a grand piano when he was hungry, it is a terrible humiliation.

Bill is a medium-sized goat. He joined the West Virginia at St. Thomas in the West Indies last winter. He wandered on the gun deck when the men were scrubbing down, and when he saw a bucket of lye it looked so good to him that he just had to drink it. He gave one plaintive bleat for help and then tried to butt an eight-inch gun into Wallabout bay.

"Stumpy" McGill, veterinary for the ship's menagerie, was summoned and Billy tried to swallow all the antidotes that could be found, but the lye had seared his throat and not even cigarette stumps, to which he has always been partial, seemed to satisfy him. When a liberty party went ashore the men promised to bring aboard some old circus posters to see if they would taste good to Billy.

Billy is no common goat, and every man on the ship, from Rear Admiral W. H. Brownson to the youngest apprentice, is fond of him. The only thing yet found that he would not try to eat is a handsome blanket made especially for him, which he wears every Sunday morning when he takes his place with the men for general inspection.

There is just one living thing on board the West Virginia that Billy is afraid of, and that is a brown Leghorn rooster, which one of the crew picked up at St. Thomas in a way that is not approved by the navy regulations. When the rooster starts for Billy the goat runs to one of the men for protection and acts as if he did not believe roosters were fair fighters.

Besides the goat and rooster the West Virginia has three parrots, which are taking a course in navy English; three dogs, five cats and two monkeys. The monkeys stay down in the engine room, but the rest of the menagerie has the liberty of the ship.

Another Germ Fiend. "Do you have your nails manicured?" asked the doctor. "Don't do it. Those little manicurists never sterilize their instruments. Easiest thing I know to get blood disease in that way. I never have mine manicured. I never have a barber shave me, either. Some dread of blood disease. Did you ever hear of a barber who sterilized his razors? Well, I guess not."

"It would be a cold day for barbers and manicurists if everybody was like you," his companion remarked, tranquilly, as he walked into the barber shop.

Cause of Marital Unhappiness. "When marriages are unhappy," said "Mark Twain" at a dinner, "it is usually because the husband isn't tender and observant about trifles."

"The husband is too much like the young man who sat singing with great expression: "I love thee," I love thee! With a love that cannot die! With a love that cannot die!" "His wife just then came in and said:

"James, I want a scuttle of coal."

"Oh, go to the dickens," said he."

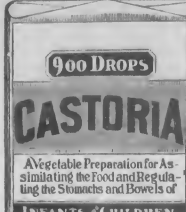

Still in Love. "The last time I saw them they behaved as if they were very much in love with each other. Isn't that interesting news?"

"News?" Why, man, where have you been all this time? They were married two weeks ago."

"Of course; I know that. The last time I saw them was this morning."

Only a Suspicion. "How many languages can your man talk?"

"Ever so many. I suspect him of proposing to me in two or three of them, just to tantalize me."

GEN. N. B. HAYS IS COMING.

Attorney General Will Speak
Here Next Tuesday.

**SPEAKS NEXT
DAY IN TRIGG.**

He Will Make a Strong Effort
In This Section of
the State.

Attorney General N. B. Hays will speak in this city in the interest of his candidacy for Governor, at the courthouse, Tuesday, August 28, at 1 o'clock p. m. Mr. Hays is a vigorous campaigner, and will, no doubt, present his claims in strong language. While this county is apparently for Hager, Gen. Hays has a strong following and he will probably have a good crowd to hear him.

The following day he will speak at Cerulean Springs at 1 p. m.

FIRST TO OPEN.

**Bethel Female College Will
Start August 27.**

Bethel Female College is now in excellent condition for the new session, which will open next Monday. The commodious building has been overhauled generally during vacation and the rooms have been made more attractive by new paper, paint, etc. The well kept lawn is so well shaded that it is always cool and pleasant. The home life of this noted college is ideal. The young ladies have access to an excellent library and reading rooms supplied with papers and periodicals. They have their fraternities and library societies and rival teams of basketball. Attention is paid to the improvement of body and health as well as the mind.

The faculty this year has one or two new teachers who come with high recommendations and altogether the college offers strong inducements to students. Dr. Harrison's last session was a prosperous and successful one and the outlook is for a still better attendance this year. Many of the former pupils will return and there will be many new ones.

O, PS! HAW!

**Walter Shaw's Coop Broken
Open and Eight Chickens
Stolen.**

Chicken thieves have broken loose again. They raided Mr. Walter Shaw's coop Tuesday night and stole eight fowls. The police were notified, and they carried out a dog, hoping to strike the trail of the thieves, but there were so many cross-trails that the hound was "unable to tell tother from which." That chicken stealing is a penitentiary offense seems to be forgotten.

NINE DEACONS.

**New Officers Made Necessary
by Increase of Membership.**

The Christian church will elect nine new deacons Sunday morning. The following have been nominated and will be voted for: Frank W. Dabney, B. B. Rice, G. L. Campbell, Chas. H. Anderson, Wm. L. Hopper, Jno. H. Bell, Jr., Ed H. Hester, Jas. A. Young, Jr., and Alf H. Eckles.
